

# Indian Peaks Men's League Pace of Play Guidelines and Policies

**Your position on the course is directly behind the group in front of you, NOT directly in front of the group behind you!**

The IPML pace of play policy leaves the responsibility for maintaining the pace of play where it belongs, with you, the player. If you are the first group in the field, play efficient golf. If you are in a following group, keep up with the group in front of you and you will not have a pace of play issue. Pace of play is measured against the group in front of you (not the group behind you) and the allotted time to play each hole. It is the responsibility of everyone in the group to make sure you are in position. If your group is out of position, talk amongst your group about remedying the situation.

If you fall behind, you are expected to play efficient golf and get back into position. This might mean playing ready golf, or continuous putting, which are both allowed in stroke play. Your playing partners, the foursome behind you, and the Indian Peaks staff will thank you.

**- It is the responsibility of everyone in the group to make sure you are in position.**

**-All groups are expected to complete the front 9 in 2:12 and the back 9 in 4:28 or better**

**-We will be monitoring turn times. If your group finishes the front 9 in more than 2:20 and is more than 15 minutes behind the group in front of you, your group will be issued a warning.**

**-If a group finishes the round in more than 4:45 and is more than 15 minutes behind the group in front, all members of that group will be issued a 1-shot penalty.**

The tournament committee will hear appeals for exceptional situations and will be considered only in the scoring area after the completion of the round.
